## Product Features

MyNote Bluetooth is the perfect companion for all people like to write on normal paper and dream about bringing this content to digital. While writing on paper the embedded digitizer records the writings and saves up to 100 pages in the internal memory. The transfer by Bluetooth or USB is quite simple. Send your notes to your PC. Or use the mobile Phone APP for Android and Blackberry to transfer the notes on your mobile phone and send them by Email/MMS to colleagues, friends or your office.

- A5 size folder with high value leather sleeve
- Digitizer to record writings and drawings
- Saves up to 100 pages
- Internal battery for up to 8h continuous writing
- Transfer data by Bluetooth to PC, notebook, Blackberry or Smartphone (Android OS) to edit or forward by Email/MMS
- Real time transfer to PC or mobile phone possible (see 1:1 what you write on paper)
