Product Features

The „iBeamBlock“ is a modular projection system consisting of HD projector, Windows 10 tablet and battery. The single components are stacked together cordlessly and held together due to magnets and Pogo-Pins. Content can be projected via HDMI cable connected end devices or via the 4.5" tablet with multi-touch LCD display. This has an internal memory as well as a Wi-Fi, Bluetooth, USB and Micro-USB interface. Particularly important for business usage: the compact projector displays Excel, Word, PowerPoint and PDF documents crystal clear with 400 lumens of brightness and an image diagonal of up to 120".
