## TOAÖ LED Flashlight

Magnetic gooseneck repair lamp

### Product Details

- Patented Cree high-power LED
- Convex lens gives good illumination
- Aluminum alloy and anodized coating
- Flexible use for repair work
- Can be used as emergency lamp
- Magnets at the bottom to fix the lamp to metal surfaces
- Battery lifetime up to 8 hours
- Splash proof

TOAÖ LED Flashlight is a versatile magnetic gooseneck repair lamp. The patented high-power LED of the well-known company Cree enables optimal illumination with a minimum of energy consumption. The result is a durable and extremely sturdy lamp with diverse applications. Through the gooseneck and the magnet mounted at the bottom this flashlight is very popular especially in mechanics. Dust, dirt and water are prevented from the aluminium alloy and anodized surface. The LED life of 20,000 hours allows an almost complete maintenance-free product over a long period of time.
